As things are shaping up, I should be able to make the call.

FYI – I am working to include the in the RI/FS workplan review. Below is the request from the state for future involvement.

I have also mentioned the Superfund alternatives to Joe V. and Bill M.

We should probably talk. I'm not sure of everyone's schedule? My only option is tomorrow at 4:00 pm MST or next week.

Thoughts?

Mike

Mike,

I have contact Vonda and asked that she add Lisa DeWitt and myself to the contact Lisa so that we may stay apprised of project developments. We've also contacted Colleen Owen (DEQ) in Kalispel to determine if she can attend the meeting this week. If there is any opportunity for a dial in or to conferencing Lisa or myself into the call we'd certainly look forward to participating. Since this is about finalizing the AOC and FS workplan we need to set up an EPA/DEQ call to discuss the next 90 days or so (next week or the following?). Given the ongoing work load we'll need to do some planning so that we can be in the room.

Tom

Good morning all,

I have been asked to include you on the mailing list for future CFAC Project Update mailings so you will have all necessary information for inquiries by the public.

You should begin to receive Project Updates by mail beginning with the next scheduled update in December 2015.

For your convenience, I have attached the updates that were previously mailed.
